DISEASES OF STOMACH AND BOWELS.

Savannah, Ga.
I was suffering with indigestion, stomach and liver disorders and all its train of horrifying phenomena for several months. I lived on milk, soft eggs, shredded wheat, a very insufficient diet for an active working man, and, of course, from disease and starvation was in a very low state of nervous vitality and general debility. I ordered ten gallons of your Mineral Water, which I used continuously, re-ordering when necessary, and in four months gained twenty-nine pounds, was strong and perfectly well, and have worked practically every day since. It acts as a general renovator of the system. I prescribe it in my practice, and it has in every instance had the desired effects. It is essential to use this water in as large quantities as possible, for its properties are so happily blended and in such proportion that they will not disturb the most delicate system. It is purely nature's remedy.
A. L. R. AVANT, M. D.

Pastor's Study, First Baptist Church, Jefferson City, Tennessee.

Let me tell you of my wife's most wonderful improvement. She was in bed for some three weeks, very ill with gastritis, and her suffering was very acute. For several months she had been greatly failing in health, had become reduced in flesh from 145 pounds to 107½. She had been using medicines of several sorts, her stomach refused all solid foods, and she was barely subsisting on soups, olive oil, peptonoid and such. She was going down all the time. Wednesday morning I opened the water and she began using it. The improvement was wonderful. She no longer suffers with indigestion after eating. Yesterday and to-day she has eaten turnip salad, roast beef, apple pie and such like, and no discomfort. She went to church both a. m. and p. m. yesterday and has been visiting about town with me and appears well.
REV. O. C. PAYTON.

Du Pont, Ga.
I suffered for years with nervous indigestion and kidney troubles. Derived more benefit from the Shivar Spring Water than from months at Hot Springs, Ark., and numerous other springs. I consider it the best water extant.
AUGUSTUS DU PONT.

Baltimore, Md.
For many years I suffered with stomach trouble as a direct result of asthma. I consulted the very best specialists in this country, and spent quite a large sum of money in my endeavor to get relief. However, I had about come to the conclusion that my case was hopeless. After drinking the water for about three weeks I was entirely relieved. I cheerfully recommend the use of your water to any one suffering from stomach trouble.
OSCAR T. SMITH,

I feel it my duty to suffering humanity to make public announcement of the benefits I have derived from Shivar Spring Water. I have been a sufferer for the past twenty-five years with indigestion and dyspepsia. After one week's trial of Shivar Water I commenced to improve, and after drinking it for four weeks I gained fifteen pounds. I feel better and stronger than I have felt in twenty-five years. I strongly recommend this Water to any one with stomach trouble of any character, and truly believe it will cure ulcer of the stomach. I am writing this volun-

tarily and trust it will fall in the hands of many who are so unfortunate as to be afflicted with indigestion and nervous dyspepsia.

DISEASES OF KIDNEY AND BLADDER.
Leo, South Carolina.
It has done me worlds of good. I had been under the doctor for two years or more, suffering from kidney troubles. After using your water I feel perfectly well and never have any symptoms of my old troubles. I am now seventy-five years old and feel as well as when I was forty.
S. POSTON.

MRS. SANDERS.

Barnesville, Georgia.
I have suffered ever since the war between the States. Hardships in the Confederate army I think made my trouble worse. About seven years ago my right kidney became ulcerated and burst. The doctors told me there were stones in me that would weigh one pound. I thought they were wrong and told them so, and they told me my time on earth was short. Had been unable to work for seven years. But your Water has cured me. I can do my work and attend to all my business. I am sixty-six years old, but am like a new man. This wonderful water; it saved my life.
W. A. ABERCROMBIE.

Greenville, South Carolina.
At the time I began using your Mineral Water I was a chronic sufferer of indigestion and kidney troubles. I received benefit from the beginning and very soon was entirely relieved. I cheerfully recommend it to other sufferers.
J. P. DRAFFIN.

Lexington, Virginia, R. F. D. 1.
I suffered with intestinal indigestion and the Shivar Spring Water has cured me. I would gladly recommend it to all suffering with indigestion, kidney and liver trouble. My father had kidney trouble last fall and he thought Shivar Water saved his life.
MRS. HARVEY DIXON.

Carlisle, South Carolina.
Last summer, while under medical treatment for kidney trouble, submitting to an operation at Johns Hopkins Hospital, Baltimore, Md., I lost forty pounds. After returning home I found it necessary to take laxative medicines to keep my liver and kidneys active. But since I began to drink Shivar Water, six months ago, morning, noon and night, per directions, I have not taken a grain of medicine of any kind, and now weigh 180 pounds—about thirty pounds more than my usual weight. I am now doing more work, and harder work, than at any time within the nearly forty years of my ministerial life.
REV. A. McA. PITTMAN.

High Point, North Carolina.
My wife has had a bad kidney trouble for several years. She has been using the Water only about three weeks and it has already made her a new woman. Her color is much improved, her appetite is all that she could wish for, her digestion seems to be perfect. We give Shivar Springs credit for it all.
THOS. G. SHELTON.

Virgilina, Virginia.
Your water has done me more good than anything I ever tried for bladder trouble.
A. R. FRAZIER.

Westley, Georgia.
I had been down with bladder trouble. Couldn't stand on my feet three minutes at a time. In three days after I commenced drinking your mineral water my pain was all gone, could walk where I pleased, and felt like a new man.
S. B. DUDREN.

Ochopee, Georgia.
I feel that it is due you that I should give my testimony, unsolicited, as to the benefits derived from the use of your Shivar Spring Water. I was unable to do my work, and had been under the treatment of physicians for six months for kidney and liver troubles when I decided to try your Shivar Water, and now after using it for about thirty days I am able to do my work, feel good, and have gained about twenty pounds. I most heartily recommend its use to all who suffer from disorder of the liver and kidneys.
M. L. STEPHENS.

Greenville, South Carolina.
For over two years, following a nervous breakdown, I had suffered with a liver so torpid that ordinary remedies were absolutely powerless. Under such circumstances, I came to Shivar Springs, and began drinking the Water. Upon advice, however, the first night I took a laxative; the second night a milder one. Since then I have taken none at all. The effect of the water has been remarkable—its action on my liver most marked, and my health and spirits greatly improved. I am satisfied that the laxative, followed by the Water, was the proper treatment in my case. My condition is now perfect.
S. A. DERIEUX.

Greeleyville, South Carolina.
I requested him to send for Shivar Spring Mineral Water, as it cured me of indigestion and liver disorder. I now can eat cheese, ham, pork and any kind of heavy supper with no bad effects. I highly recommend it.
MRS. F. HABINICHT.

LIVER AND GALL STONE TROUBLE.
Carlisle, South Carolina.
It is fine for liver troubles, also for constipation. I cheerfully give you this information as to beneficial results in my case.
REV. A. McA. PITTMAN.

Greenville, South Carolina.
Shivar Spring Water cured my mother of gallstones, or, I might say, it snatched her from the hospital door, as the doctors had said nothing short of an operation would do her any good. After drinking the Water she was able to get out of bed, and is today stout and healthy. I hope these few lines will be of help to some one suffering as my mother did.
W. J. STRAWN.

Williamston, South Carolina.
My doctor said I would have to be operated on for gallstones, but since I have been drinking your water I haven't had to have a doctor.
W. H. EDWARDS.

Bishopville, South Carolina.
The water has done more good than any medicine I have ever taken for rheumatism. Have been drinking it three months and am entirely free from pain. I stopped the medicine upon receipt of the first Water.

SHORTAGE OF TEACHERS.

Jackson, Miss., July 5.—So great is the shortage of teachers in Mississippi that the committee on better schools has opened a department to help trustees secure instructors for their children", said F. D. Mellen, director of the Schools Campaign in our interview this morning.

"Grievously low salaries have forced so many teachers out of the school room that, in the effort to serve our children and to save the state, the Committee will operate a Trustee Agency in addition to the old Teachers Agency."

In the last day or two trustees in several counties have asked the Committee to recommend teachers to help them, the Committee will undertake the difficult task of securing good instructors.

The low salaries so long paid have made our teachers hesitant about signing contracts unless salaries are reasonable."

"Believing, however, that many hesitant teachers will teach for substantial pay, the Committee will assist trustees and patrons in securing instructors. They recommend for rural communities a salary of at least \$75 for six months; for towns, where cost of living is higher, at least \$90 for eight months."
